NOTICE TO MARINERS

ENTERING

FRASER RIVER.

ALL previous notices issued by the Harbour Master of British Columbia, having reference to the Sand Heads of Fraser River, are hereby rescinded.

The following directions are published for general information:

The Beacons carried away since last fall have been re-constructed, excepting the South Sand Head No. 1, and the following alterations and additions made. The Light Ship now building will be placed near to the South Sand Head, being substituted for No. 1 Beacon:

The Beacons are formed with clusters of piles, each Beacon having a distinguishing feature at the top of the piles, and being numbered consecutively from 2 to 10, irrespective of the Crib on the North Sand Head.

No. 2. BEACON, NORTH SAND HEAD—Placed in 1 foot at low water, 1 cable from the buoy in a N. W. direction, showing from a Southerly bearing a black diamond elevated on a pole 16 feet above the top of the piles.

A 1/2 of a cable distant from No. 2 Beacon, farther on the Sand, is a loaded crib in an incomplete state at present; at high water spring tides it is awash, but at low water it looks like the hull of a small vessel. A pole 20 feet long with a black board at the top pointing to the Channel is secured to it. A permanent Sea Mark will be built upon it in the course of a few months, of which due notice shall be given.

No. 3. BEACON, NORTH SAND—In 6 feet at low water, shows black and white horizontal stripes both on the pole and beacon, and is situated about half-way between chequered and black buoys.

No. 4. BEACON, NORTH SAND—1 cable distant in a S. W. direction from black top buoy, is distinguished by a black triangle elevated on a white pole 16 feet above the piles, and placed in 2 feet at low water. The piles are white-washed.

No. 5. BEACON, NORTH SAND—On the spit 1 1/2 cable from red top buoy (placed in 5 feet at low water). This beacon is remarkable from its leaning position and is readily distinguished by the red oak on a white pole above the piles, the tops of which are also white.

No. 6. BEACON, NORTH SAND—1 cable distant from white buoy in a Westerly direction, is placed in 7 feet at low water. On the top of the pole is a white triangle, the apex of which is on the lower part of the pole. This beacon forms a conspicuous object and must be appreciated, as it will guide Vessels in the Channel when entering and leaving the River. The beacon is all white.

No. 7. BEACON, SOUTH SAND—Is a black beacon placed in 6 feet at low water, having a St. Andrew's cross elevated on a pole 16 feet above the piles.

No. 8. BEACON, SOUTH SAND—A cable's length from No. 7, in 1 foot at low water. This Beacon is white, having a St. Andrew's cross on a pole as above described in No. 7. As these Beacons, No. 7 and 8, are intended as marks for crossing the Bar, they are hereafter alluded to as the x Beacons. This Beacon (No. 8) is not to be regarded in any way except to lead Vessels over the Bar in the winter water. For Vessels of large draught the x Beacons will be found invaluable, as by taking care to "port" sufficiently soon, after passing the black top buoy, so as to cross when in a line, they will lead over the Bar, carrying from 19 to 22 feet at high water Spring Tides. In all other parts of the Channel much deeper water will be found. After the red top Beacon is brought in a line with the white Beacon (No. 6), the red top buoy may be with safety rounded, then steer in direction for the white buoy, and from thence to the Ball Beacon on Garry Point.

No. 9. BEACON, SOUTH SAND—On the edge of the bank, placed in 1 foot at low water, is nearest to the Mouth of the River and distinguished by a black pole having at the top two black boards on two sides of the pole horizontal with each other. The tops of the piles are also black.

No. 10. BEACON—Is a land mark placed on Garry Point to indicate the Mouth of the River, which shows from every direction a large White Hall. The houses, 6 feet of the pole, and the tops of the piles are black. The lower part of the Beacon is white-washed.

All buoys on the North Sand, after entering the Channel with Vessels of large draught, should be passed close on the "port" hand. Caution is hereby given that the Beacons constructed on the Sand Heads are not intended as marks for the Navigable water of the Channel but to indicate the locality of the several buoys.

The old white buoy has been removed and a red spar buoy placed on the spit of the middle Sand inside Garry Point, in 12 feet at low water, which must be past by Vessels Entering the River on the starboard hand. By following the above directions Mariners will find the Channel well and clearly defined, and with ordinary care a perfect stranger may navigate his Vessel with safety into Fraser River.

THE INVALID'S FRIEND.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of these Pills every night; eat plenty of solids, and avoid the use of sweets. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they are afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasms—in fact they never fail in curing all disorders of liver & stomach.

Bronchitis, Diphtheria, Coughs, Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs: The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any over-gorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.

In cases of debility, languor and nervousness, generated by excess of any kind, whether mental or physical; the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Billiousness, Loss of Appetite, Head-ache and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague, Female Irregularities, Retention of Urine, Scrofula, or King's Evil, Sore Throats, Stone and Gravel, Secondary Symp-toms, The Douloureux Tumours, Ulcers, Venereal Affections, Worms of all kinds, Weakness, from whatever cause, &c., &c.

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London: also by all respectable Druggists and Dealers in medicines throughout the civilized world, at the following prices:—1s. 1ld., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Box.

* * * There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box. de 7

NEW WESTMINSTER, TUESDAY, AUG. 8, 1865.

OBNOXIOUS TAXATION.

All taxation may fairly be said to be unpopular, and the tax-gatherer's visits are scarcely viewed with less disfavor than the "Gauger" or the "Bailliff." Still there are some taxes which, by reason of their peculiarly aggravating nature, are more distasteful than others. We alluded last week to the tonnage dues. A feature of the operations of that impost, involving, we think, considerable hardship, has just presented itself. Salt is admitted duty-free; but in passing above this city, if only for a few miles, it must pay \$3 per ton, or a little more than ten per cent. upon its retail value here! Several tons of coarse salt have been taken up the river recently to be used in curing fish, and much of it by Indians, who cannot very readily comprehend the philosophy of having to pay so heavy a tax—50c. per sack being demanded as tonnage dues—for the privilege of navigating the Fraser River with their own canoes, a privilege which they have been accustomed, and not unreasonably we think, to consider as a birth-right. There can be no doubt that the abolition of this tax would be wise, popular and just. But there is another tax which we would place in the same category, and to the injustice and impolicy of which we would direct the attention of Government. We allude to the "headmoney." For many years has this vexatious tax been collected from every man, woman and child entering the colony, whether with a view to settle therein or merely as a visitor. We have examples of a poll tax being collected upon people leaving a country, but it appears to us to be peculiarly impolitic to levy a toll upon people entering a new colony which is languishing for want of a population. It is true a dollar is no great sum. But the impression its collection is calculated to begot is most unfavorable. We are now casting about for some means of promoting immigration. Just imagine a family arriving to find that they must pay a dollar each for the privilege of bringing their children into the country, and that too when perhaps almost the last dollar has been spent in making a long and expensive voyage to our shores. No matter if there should not be money enough left to purchase a meal of victuals, the law is inexorable—a dollar a head must be paid; ay, even the prattling babe upon the mother's knee is not exempt! Surely such an absurdity as this will not be permitted to deface our statute books much longer. Surely we can manage to raise a revenue without resorting to anything so repulsive. Place a poll tax upon people leaving the country, if you will; but let us encourage them to come by free ingress—free homesteads.

ARRIVAL OF THE "ONWARD."—Capt. Irving steamed into the harbor on Saturday morning with his pretty little steamer *Onward*, and was warmly welcomed by the citizens generally, the big gun on Pioneer Wharf being fired in honor of the arrival of the new steamer. The *Onward* made a very successful trial trip from Victoria, beating the *Otter* by nearly an hour. She is a light-draught stern-wheel steamer, drawing only 13 inches light and one inch to 6 tons. Her engines are 14-inch cylinders, with 4½ feet stroke. They were manufactured to order by Spratt & Kriemler, Victoria, under the personal supervision of Mr. Christopher Lee, Chief Engineer of the steamer. The wood work was done by Mr. Trahey, of Victoria, and reflects the greatest credit upon his taste and skill. There are 21 state-rooms, a cosy ladies' cabin and a spacious and well lighted dining saloon. Much taste has been displayed in the fittings and furnishings of the ship, and altogether the *Onward* reflects great credit upon owner and builders, and will doubtless become a favorite amongst the traveling public. She was measured and her boilers tested yesterday, and we believe it is Capt. Irving's intention to run her up to Yale to-morrow. We wish the *Onward* success. Not the least pleasing incident connected with the advent of this pretty little steamer is the fact that on her first trip she bore the family of Capt. Irving to this city, where they have taken permanent possession of their splendid residence, the completion of which was noticed in these columns a few weeks ago.

NEW RIFLE CORPS.—A meeting of those interested in the formation of a second Rifle Corps in Victoria was held in Smith's Hall, on Thursday evening, Capt. Lang in the Chair. The Chairman explained that the movement was not hostile to the company under his command, but, on the contrary, to increase the volunteer force, and create a healthy feeling of rivalry between the two companies. At the close of the meeting a roll was prepared to which 12 names were at once attached, and a committee appointed to carry forward the scheme.

A CARD.

THE UNDERSIGNED, having re-opened his former business upon Cash principles, respectfully solicits the patronage of his former customers on the above terms, which they will find to their interest and advantage, being more economical, and, above all, most satisfactory to avoid dissatisfaction to former credit and other patrons. He would particularly request that credit be asked on no terms whatever, saving the necessity of refusal, which often proves a delicate work to the buyer as well as to the seller. Hoping none may take offence, the above rule must be strictly complied with.

ALL CURES MADE EASY!

HOLLOWAY'S OINTMENT.

Bad Legs, Ulcerous Sores, Bad

Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the
healing properties of this excellent Ointment. The
worst cases readily assume a healthy appearance when
ever this medicament is applied; sound flesh springs
up from the bottom of the wound, inflammation of the
surrounding skin is arrested, and a complete and per-
manent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflam-

mation.

These distressing and weakening diseases may with
certainty be cured by the sufferers themselves, if they
will use Holloway's Ointment, and closely attend to the
printed instructions. It should be well rubbed upon
the neighbouring parts, when all obnoxious matter will
be removed. A poultice of bread and water may some-
times be applied at bed time with advantage; and most
scrupulous cleanliness must be observed. If those who
read this paragraph will bring it under the notice of
such of their acquaintances whom it may concern, they
will render a service that will never be forgotten, as a
cure is certain.

Rheumatism, Gout & Neuralgia.

Nothing has the power of reducing inflammation and
subduing pain in these complaints in the same degree
as Holloway's cooling Ointment and purifying Pills.
When used simultaneously they drive all inflammation
and depravities from the system, subdue and remove
all enlargement of the joints, and leave the sinews and
muscles lax and uncontracted. A cure may always be
effected, even under the worst circumstances, if the use
of these medicines be persevered in.

Eruptions, Scald Head, Ringworm &

other Skin Diseases.

After fomentation with warm water, utmost relief and
speediest cure can be readily obtained in all complaints
affecting the skin and joints, by the simultaneous use of
the Ointment and Pills. But it must be remembered
that nearly all skin diseases indicate the depravity of
the blood and derangement of the liver and stomach,
consequently, in many cases, time is required to purify
the blood, which will be effected by a judicious use of
the Pills. The general health will be readily improved,
although the eruption may be driven out more freely
than before, and which should not be promoted; per-
severance is necessary.

Sore Throats, Diphtheria, Quinsy,

Mumps & all other Derangements

of the Throat.

On the appearance of any of these maladies the Ointment
should be well rubbed at least three times a day
upon the neck and upper part of the chest, so as to
penetrate to the glands, as salt is forced into meat;
this course will at once remove inflammation and al-
leviate the worst cases will yield to this treatment by
following the printed directions.

Scrofula or King's Evil and Swelling

of the Glands.

This class of cases may be cured by Holloway's puri-
fying Pills and Ointment, as their double action of puri-
fying the blood and strengthening the system renders
them more suitable than any other remedy for all com-
plaints of a scrofulous nature. As the blood impu-
rifies the liver, stomach and bowels, being much deranged,
require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following
cases:—

Bad Legs. Chapped Hands. Scalds. Sore Nipples.

Bad Breasts. Contracted and Stiff Joints. Sore-throats.

Burns. Elephantiasis. Skin-diseases.

Bunions. Fistulas. Scoury. Sore-heads.

Bite of Mosquitoes. Gout. Wounds.

and Sand-Flies. Ringworm. Yaws.

Coro-bay. Glanular Swel- Ulcers.

Chicgo-foot. Hags. Wounds.

Corns (soft). Lumbago. Yaws.

Cancers. Piles. Rheumatism.

Chilblains. Scrofula.

Sold at the establishment of Professor Holloway
244, Strand, (near Temple Bar) London; and by all
respectable Druggists and Dealers in Medicines through-
out the civilised world, at the following prices:—1
1d., 2s. 6d., 4s. 6d., 11s., 22s., and 33s. each Pot.
